Legend: X = Absent or signed incorrect card (disqualified from tournament) Grey Box

\*Maximum Average for all players is 52

- a) The Tournament Players Championship starts Week 14 and ends Championship Night Week 17.
- b) Format - Add up the total of each of the 4 week's scores and the lowest score under (your league average) par wins the Player's Championship.
  1. All players will play against their own average as par for the tournament.
  2. Your average will be rounded off to the closest whole number  
(40.0 – 40.4 = 40 and 40.5 – 40.9 = 41).
  3. Your average could change each week and your player par for that week could too. Example of a players score:
    - a. 45 par for this player
    - b. Players Week Score = 39
    - c. Players Championship Weekly Score = - 6
- c) Tournament play runs concurrent with league play.
  1. This Tournament doesn't affect league play.
  2. You will continue to play with your partner against your regularly scheduled league opponents.
- d) Absence - If any player is absent one of the four weeks of this event will be disqualified.
- e) Ties - In the event of a first place tie, a sudden death playoff will be played on hole #9 after play on the final week of the tournament.
